[Wheeling to Healing—Broken Heart on a Bicycle: Understanding and Healing from Adverse Childhood Experiences \(ACEs\)](#)

A finalist for the prestigious 2018 [Eric Hoffer Book Award da Vinci Eye Medal](#)

by James Encinas

A native of Bolivia, James Encinas twice crossed the United States—Los Angeles to New Jersey—on a bicycle. The first trip, during his mid-twenties, was done in hurt and fueled by anger. The second, at age 55, was done in the pursuit of healing himself and others. Having experienced domestic abuse, bullying and discrimination as a child, memories of trauma limited Encinas's freedom in significant ways. When he learned how Adverse Childhood Experiences (www.acestudy.org) impact adult health, his path towards healing began, and it widens daily. The book Wheeling to Healing...Broken Heart on a Bicycle: Understanding and Healing from Adverse Childhood Experiences takes readers to places where hurt originates and then into landscapes that offer larger views and inspire movement toward relief from trauma at a deep level. It educates people about the science of trauma, and encourages them to use a wide variety of methods that can open an individual and unique process of healing. James Encinas uses his life and experiences to care, inspire and promote relief from the effects of traumatic memories. When healing is embraced, life becomes more joyful.

[Raising the Runes: A Shamanic Journey through Avalon](#)

by Jeremy R. J. White

Let the runes rise to meet you! Raising the Runes: A Shamanic Journey Through Avalon is more than a how-to-read-the-runes manual. Jeremy R. J. White's mission in writing it was to let readers know how the runes changed his life, and to inspire others to take up using this wisdom as a challenge to the self. The old way of seeking self-knowledge by going to a shaman, psychic or 'fortune teller' and giving them the power to see, filter and ascertain a person's energy field is over. Only individuals can read the runes for themselves and live by their guidance. In Raising the Runes, readers learn how to choose a rune, call in spirit guides, do a chant of protection and lift the veil between realms of conscious perception. The personalized way White interprets the runes gives a key to understanding how they inspire visions and create stories that address body, mind and spirit at once—an alchemy accessible to all.

[Jewel and the Missing Key to the Vault of Souls](#)

by Sharon Loeff

Imagine two identical Earths. The fae (fairies) live in one; humans, the other. Within each realm are portals of passage to be traversed only on magical occasions. A member of the fae, Jewel, the second of three royal children, grows wings on her 16th birthday and disappears through a portal to the human realm. There, she joins Samantha's family as a foreign exchange student! Adventure begins when Jewel meets Ethan at school and experiences first love. Will inter-fairy-human romance prevent Jewel's return to her kingdom? And what about the key to the vault of souls that's been stolen from around her father, the King's neck? This young adult adventure novel by Sharon Loeff brings the character of Jewel to life—as a sweet fairy, and a savvy, romantic, empowered young woman capable of solving a serious crime that spans two worlds.
